LUBRIPLATE AC-3 & AC-4 Air Compressor Oils are dual-purpose or multi-functional lubricants for use in air compressors, hydraulic systems and oil recirculating systems.

LUBRIPLATE AC-3 & AC-4 Air Compressor Oils for air compressors offer excellent lubrication at elevated temperatures and high pressures, providing sustained operation and lower maintenance cost by reducing carbon and varnish build-up.

LUBRIPLATE AC-3 & AC-4 Air Compressor Oil Features:

- Fluid zinc for anti-wear properties.
- High natural V.I. for stable viscosities throughout a wider operating temperature range.
- High aniline points for controlled seal-swelling characteristics.
- Rust and corrosion resistant properties.
- Chemical and mechanical stabilities.
- Foam suppression properties.
- Good heat transfer properties.
- Thermal oxidation stability.
- Good demulsibility properties.
