

CITGO AW 68 MINING HYDRAULIC OIL

---

Date 01/13

**DESCRIPTION:** CITGO AW 68 Mining Hydraulic Oil is an anti-wear hydraulic and circulating oil formulated with high quality base stocks and thermally stable additive systems.

**QUALITIES:** CITGO CITGO AW 68 Mining Hydraulic Oil offers:

- Excellent thermal and oxidative stability reducing system deposits resulting in longer fluid life.
- Wear Protection
- Rust and Corrosion Protection
- Anti Foam Performance
- High Viscosity Index

**APPLICATIONS:** CITGO AW 68 Mining Hydraulic Oil is recommended for service in surface and underground mining equipment.

CITGO AW 68 Mining Hydraulic Oil is also recommended for industrial applications where an anti-wear, rust and oxidation inhibited oil is desired.

**TYPICAL PROPERTIES:**

---

**CITGO AW 68 MINING HYDRAULIC OIL**
