

NESTE BASECOMP 12 H

Catalytically isomerized paraffinic process oil.

Neste Basecomp 12 H is made up of highly isoparaffinic hydrocarbons produced by a special catalytic hydroisomerization process. Virtually it is free of aromatics.

Neste Basecomp 12 H is recommended for carrier oil in applications where high purity as well as wide operation temperature range are needed. Typically it can be used as carrier oil in defoamers e.g. in paper and cardboard making.
