

DRAGON GEAR EP

GEAR OIL

USES

- Gear boxes, axles, transfer boxes for truck, bus, construction equipment, and tractor, etc...
- All gears requiring API GL-4 level or MIL-L-2105.

PROPERTIES

- High viscosity index.
- Extreme-Pressure properties.
- Excellent antiwear, antioxidant, antifoam, anticorrosive, antirust properties.
- Excellent stability in service

SPECIFICATIONS

International specification

- API GL-4
- US MIL-L-2105

CHARACTERISTICS

Test items	Method	Unit	SAE 80W	SAE 90
Specific gravity 15/4 °C	ASTM D 1298	-	0.8766	0.8893
Viscosity 40 °C	ASTM D 445	mm ² /s	63.89	190.90
100 °C		mm ² /s	8.861	17.45
Viscosity index	ASTM D 2270	-	102	98
Flash point Cleveland	ASTM D 92	°C	230	242
Pour point	ASTM D 97	°C	-35	-25

Above characteristics are mean values given as an information.
