

TOTAL HI-PERF 4T SCOOTER 10W-40

Oil for 4-stroke gasoline engines

KEY DATA

- 4-stroke oil
- Synthetic based engine oil
- Applications :
 - ✓ gear boxes lubrication
 - ✓ engine
- INTERNATIONAL STANDARDS
 - ✓ API SJ Level

Customer benefits

- ✓ Specific scooter lubricant guaranteeing engine protection and optimal start-up
- ✓ Comfortable driving, guaranteed
- ✓ Very good antiwear, anticorrosion, antirust and antifoaming properties.
- ✓ The variations in the temperature of the metals between -25°C (cold starting) and +330°C (top rings) require viscosity suitable for the lubricant. The SCOOTER 4 T additives improve the viscosity index: the oil is thickened at high temperature and fluid at low temperature.
- ✓ The SCOOTER 4 T detergent additives use their heat resistant properties to work against deposits.
- ✓ The SCOOTER 4 T formula prevents premature ageing of the lubricant and provides a safety margin over and above the oil-change intervals. Engine long service life is ensured, maintenance (service and repair) costs are reduced.

Characteristics*

Test	Unit	Result
Grade	-	10W-40
Viscosity grade	kg/m ³	870
Kinematic viscosity at 40°C	mm ² /s	91
Kinematic viscosity at 100°C	mm ² /s	13,7
Viscosity index	-	153
Pour Point	°C	-33
OC Flash Point	°C	230

* The characteristics given above are obtained with a standard tolerance threshold during production and may not be considered specifications.

Recommendations for use

Before using the product, the vehicle's maintenance guide should be checked. Oil changes should be carried out in accordance with the manufacturer's recommendations.

The product should not be stored at temperatures over 60°C. It should be kept away from sunlight, intense cold and extreme temperature fluctuations.

If possible, the packaging should not be exposed to the elements. Otherwise, the drums should be laid horizontally in order to avoid any contamination from water and to prevent the product's label from rubbing off.

Health, safety and the environment

Based on the toxicological information available, this product should not cause any adverse health effects, provided it is used for its intended purpose and in accordance with the recommendations laid out in the Safety Data Sheet. This can be obtained on request from your local reseller and is available for consultation at www.quickfds.fr.

This product should not be used for any purposes other than the ones for which it is intended.

When disposing of the product after use, please protect the environment and comply with local regulations.
