

NESTE JOHDE 32, 68, 220

Slideway oils

Neste Johde oils are made of highly-refined mineral base oils. Special additives improve their adhesion to metal surfaces and give good load carrying capacity. Neste Johde oils have excellent friction properties preventing stick-slip.

Special features of Neste Johde oils:

- the ratio between static and dynamic coefficients of friction is below one, guaranteeing smooth movement
- good chemical resistance prevents formation of sludge and resin
- good antirust performance and load carrying capacity
- good adhesion to metal surfaces

TYPICAL CHARACTERISTICS	32	68	220
Densitykg/m ³ 15°C	872	880	893
Flash Point°C (COC)	222	244	246
Pour Point°C	-39	-24	-21
Viscosity Index	109	106	104
ViscositycSt/ 40 °C	32	68	220
ViscositycSt/ 100 °C	5,5	9	19,9

Neste Johde oils are used to lubricate the guides and sliding surfaces of machine tools e.g. planes, grinding machines, milling machines and turning machines.
