

NOVAWAY CHAIN SPRAY

Lubricant for the food industry

Product description

NOVAWAY CHAIN SPRAY is a synthetic, polyalphaolefin based lubricating oil for chains and other applications in the food and packaging industries. The product gives very good protection against wear and corrosion.

Application areas

NOVAWAY CHAIN SPRAY has been developed for use in the food and packaging industries. The product effectively lubricates chains, links and locks among other things.

Characteristics and advantages

NOVAWAY CHAIN SPRAY has additives to reduce wear and increase adhesion properties. The product protects effectively against wear and corrosion and is not thrown off when the chain moves. NOVAWAY CHAIN SPRAY functions fully within a wide temperature range.

Tests and approvals

NSF H1, Reg no: 140706

NSF Nr.

140706

Handling and storage

Avoid skin contact. In the event of contact with skin, wash with soap and water. Dispose of used oil at a recycling station or equivalent. Safety data sheets are available on www.statoillubricants.com or supplied on request.

Typical Data

Characteristics	Typical value	Unit	Method
Density at 15°C	<1000	kg/m ³	ISO 12185
Flash point COC	Flash point PM	<0	°C
ISO 2719
