

## Product Information

# RACE MX4

## FOUR STROKE MOTORCYCLE ENGINE OIL

---

### Description

Race MX4 is the ultimate fully synthetic SAE 10W-40 multigrade oil, developed specifically for modern, highly stressed, race prepared 4-stroke motorcycle engines and gearboxes. This grade is recommended for all off-road machines operating at the extreme edge of their design capabilities. The combination of synthetic oil technology and advanced additive chemistry provides the following benefits:

- Superb cold start fluidity that ensures rapid flow to bearings and critical components during cold starts.
- Strong synthetic oil film reduces drag on components and ensures maximum power output.
- High level of anti-wear performance protects critical engine and gearbox components, even under shock load conditions.
- Balanced friction control additives ensure smooth gear changes and responsive clutch performance.
- Keeps engine components clean even when subjected to the hottest of running temperatures.
- Provides excellent internal corrosion protection, even during intermittent use.

### Applications

Race MX4 is recommended for 4-stroke engines fitted to off-road motorcycles where the manufacturer specifies an oil of this type and specification.

### Performance Levels

API SL  
JASO MA

### Physical Characteristics

SAE Classification	10W-40
Density at 15 °C	0.850
Kinematic Viscosity at 100 °C, cSt	14.80
Kinematic Viscosity at 40 °C, cSt	92.00
Viscosity Index	170
Sulphated Ash %Wt.	1.2
Pour Point, °C	-40

(TDS Race MX4 – 020712 Issue 3)

Certificate No. FM 21756

Certificate No. EMS 60044

Certificate No. OHS 555083
