

# Q8 Stravinsky N 55

## Description

Reciprocating and rotary refrigerator compressors handling traditional refrigerants

## Specifications

- ISO 6743-3, categories DRA and DRC

## Benefits

- Outstanding thermal stability provides extended oil drain periods
- Wax free oil suitable for very low temperature applications
- Improved lubricity through excellent temperature viscosity characteristics
- Good compatibility with the seal materials normally used in refrigerator equipment

## References

- Q8 Stravinsky N is approved by most major equipment manufacturers
